I'll set something up for sometime next week. In the meantime, I'm getting input on the idea of using some of the TSEP monies for a contractor who would assist in establishing projects.
Flaire

I would love to talk with Austin and Jedidah. What are their numbers.....I will call them next week when I'm back in the office (so to speak)(I'm off today, but checking in.) And, I will call you to catch up...I have a few unrelated questions.

I have historical context that I can provide as I actively worked on the terms of the territorial SEP, with various previous administrations. What are Austin's and Jedidah's telephone numbers?

All the best.....Flaire

Good afternoon, Flaire,

I hope I am remembering correctly that you were involved in the PESHU part of the Hovensa settlement. if not, do you know who is? If so, read on . . .

First -- let me introduce you to Austin Callwood and Jedidah Morrell. Austin is the new (as of February) Director of DEP (taken Kathlyn Worrell-George's place) and Jedidah Morrell is legal counsel to DEP.

I briefed them today on the PESHU SEP, which raised a couple of questions for you. There is a lot of the history of how we came up with the project and exactly what it is that I don't know or understand. I was wondering if you know some of that and would be willing to talk to Austin about it. Given DEP resource constraints, Callwood also wondered whether we could use some of the SEP money to hire a contractor to be kind of a contract manager for the PESHU contract. It seemed like a good idea to me and a way to get the project moving. If you have any thoughts on that, please let them know.

This is my last day with the VI (after a short break, I head back to OGC), so please contact them directly with follow up. (Although, if you want to talk to me -- I'm at 571-444-3503.)

Regards,

Lorie
